**CarFit** is a **FREE** educational program that offers older adults the opportunity to check how well their personal vehicles “fit” them. At a CarFit event, a team of trained technicians and/or health professionals work with each participant to ensure they “fit” their vehicles properly for maximum comfort and safety. A CarFit check takes approximately 20 minutes to complete. You will be taken through a 12 point checklist of your vehicle safety features.

Occupational Therapists will be on-hand to demonstrate assistive devices such as wedge cushions, seat belt extenders, gas cap wrenches, and other devices to help with getting in and out of your vehicle safely.

*A CarFit event will be held in Sheboygan County on:*
