

**NONMETALLIC MINING
RECLAMATION PERMIT**

PLEASE COMPLETE ALL INFORMATION ON THIS APPLICATION. PRINT OR TYPE. Use of this form is required for any nonmetallic mining reclamation permit application filed pursuant to Ch. 78.12 (a)(c) Sheboygan County Ordinance No. 1 (2001/2002). The Sheboygan County PCD will not consider your application unless you complete and submit all information required by this application form.

1. Applicant/Operator _____
Address _____
City, State, Zip Code _____
Telephone No. (Include area code) _____

2. Property Owners/Lessors (if different from Applicant/Operator)

Address _____
City, State, Zip Code _____
Telephone No. (Include area code) _____
(Additional owner/lessor information can be submitted on separate sheet)

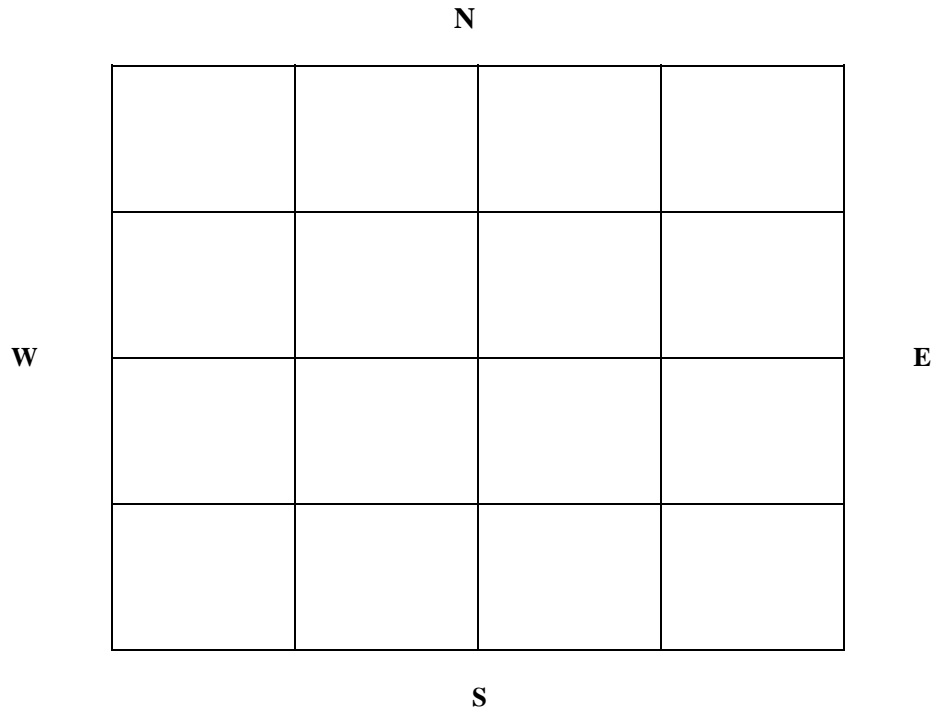

3. Property Description: Provide the complete legal description of the property on which the mine is located (example: N 1/2, NE 1/4, Section 3, T29N, R6E)

Town, City, Village of _____, County of _____
Tax Parcel Number _____
Total Site Acreage _____

4. Total area to be affected by this project. Include areas for stockpiling, processing, conservation practices, and any roads to be reclaimed.

_____ sq. ft. / acres (circle one)

5. **General Location Map** – draw the location of the site on the section map below. Include roads and any other pertinent information and label ¼ ¼ section points. It is also acceptable to attach a plat map, topographic map, or other map providing it contains sufficient detail. (Sheboygan County PCD can provide some of these map resources).

Items 6 – 18 reference to location in reclamation plan where applicable.

6. Description of the type of materials(s) extracted the methods of extraction and processing methods to be used in the permit area.

7. **Observed** or **estimated** (circle one) elevation of groundwater: _____ .

Reference depth to a permanent on-site reference point (benchmark).

8. Information available to the operator on the biological resources, plant communities, and wildlife use at and adjacent to the site.

9. Estimated timetable for beginning and ending of operations on the site including any phases or stages:

10. Describe the methods of salvaging and storing topsoil and other overburden that will be used in reclamation. If topsoil substitute or off- site material is to be used in reclamation, list the source and timetable for acquiring it.

11. Describe proposed earthwork necessary for site reclamation including final slope angles, high wall reduction, benching, terracing, and other slope stabilization measures.

12. Describe any conservation practices to be used during reclamation. The location of all conservation practices are to be shown on the reclamation plan.

13. Description of anticipated topography, water impoundments, artificial lakes, created wetlands and other site features.

14. Description of the proposed post mine land use.

15. Description of plans for disposition of manmade features that are not part of the post mine land use after completion of mining.

16. Describe or attach a copy of a seeding plan which shall include methods of seed bed preparation, seed mix seeding rates, mulching, netting, and/or other techniques needed to accomplish soil and slope stabilization.

17. Description of the quantifiable standard that will be used to determine successful establishment of vegetation on reclaimed areas.

18. In addition, the following drawings or documents must be attached to this application. All maps must be drawn at a scale of no less than (1) inch equals two hundred (200) feet:

- A. A copy of the lease or proof of ownership.
- B. Copies of local and state permits or approvals including a statement from the local zoning or planning authority that the proposed post mine land use is consistent with the current zoning or land use plan unless a change to the zoning or the plan is proposed.
- C. An estimate of the cost of site reclamation and the methodology used to calculate the estimate. Example of estimate of reclamation costs sheet is available from the Planning and Conservation Department(PCD).
- D. Four copies of a map of the site as it presently exists. The map shall include:
 - 1. Property boundaries and the location of all man made features on or within 300 feet of the site and, to the best of the applicants knowledge, the purpose for which each man made feature and the adjoining land is used.
 - 2. Contours of the affected land at intervals no larger than ten (10) feet.
 - 3. The location and names of all streams, other water features and roads on or within three hundred (300) feet of the site.
 - 4. Boundaries of previous excavations on the site, and the location and description of boundary stakes for the proposed site. The stakes shall be referenced to a permanent reference point. The area staked shall include all stockpiling and storage areas.

- E. If the site is to be mined in phases or stages, four copies of a plan which shall include the following:
 - 1. A plan view and description of sequential phases of mining including haulage ways, storage areas and processing areas.
 - 2. If necessary, a plan showing temporary erosion control measures to be employed during reclamation.

- F. Four copies of a reclamation plan which shall include the following:
 - 1. A plan view showing final slope angles, high wall reduction, benching, terracing, other stabilization measures, and water impoundments at contour intervals of no larger than two (2) feet.
 - 2. Cross-sectional drawings of any water impoundments, high wall reductions, benching or terracing, or other conservation practices.
 - 3. All other reclamation plan requirements as outlined in section 78.13 of the Sheboygan County nonmetallic mining reclamation ordinance.

19. 78.26 PLAN REVIEW FEES

A person who intends to operate a nonmetallic mining site for which a permit application has been submitted under Section 78.12 of this Code shall submit a non-refundable plan review fee as follows:

Proposed Mine Site Size, Rounded to the Whole Acre	One-Time Plan Review Fee
1 – 25 Acres	\$1,045.00
26 – 50 Acres	\$1,400.00
51 Acres or More	\$1,750.00

Fee enclosed \$ _____

To the best of my knowledge, I certify that the information provided on this application and accompanying documents are true and accurate. I hereby certify, as duly authorized representative or agent that the operator listed above will comply with the statewide nonmetallic mining reclamation standards established in Chapter 78.11 Sheboygan County Ordinance No. 1 (2001/2002). I will also provide as a condition of the reclamation permit, financial assurance as required by Section 78.14. Sheboygan County Ordinance No. 1 (2001/2002) upon granting of the reclamation permit and before mining begins. I also understand that submitting this application authorizes the Planning and Conservation Department's County Conservationist or his/her designee to enter onto the property for the purposes outlined in the Nonmetallic Mining Reclamation Ordinance.

Signature of Applicant or Duly Authorized Agent

Date

Landowner Certification if landowner is different than applicant.

I certify that I concur with the reclamation plan authorized by this permit and will allow it to be implemented.

Landowner's Signature

Date

Pursuant to the Sheboygan County Nonmetallic Mining Reclamation Ordinance, (Chapter78) the department may require the submittal of such other information as may be necessary to determine the feasibility of the nonmetallic mining reclamation.

Permit decisions shall be made by the department no sooner that thirty (30) days nor later than sixty (60) days of receipt of a complete application, unless a public hearing is required under 78.15 of the nonmetallic Mining Reclamation Ordinance in which case a permit decision shall be made no later than 30 days following the hearing. An accelerated procedure for application review is available by appointment and shall be accompanied with \$500 fee this in addition to the fees required in Section 78.26(a). Bonds will be set at the time of permit issuance.

Failure of the applicant to notify the Department within five (5) workdays of the receipt of a permit granted by the Department will constitute an acceptance of the permit and all conditions and amendments to the application and plans.

Permit decisions or administration decisions may be appealed pursuant 78.32(c) of the Sheboygan County Nonmetallic Mine Ordinance.
